

Guidelines for Taking Physical Education Courses

Only courses taught in English can be counted as graduation credits. Information, including the venues for physical activities, classroom changes for lectures and seminars and changes to the class timetable will be posted on the Institute of Physical Education website (<https://ipe.hc.keio.ac.jp/>). Students who register for courses should check on information frequently posted on the website.

It may not be possible to register for physical activity courses if you are undergoing treatment for an illness or injury with restrictions on physical exercise. In such cases, please ensure to consult an academic advisor for the Institute of Physical Education in advance. If you have any questions on registering for physical education courses, please speak to an academic advisor for the Institute of Physical Education by making a request at the Research Centers and Institutes service counter, Hi-yoshi Office of Student Services.

1 Aims of the Physical Education Courses

One of the major objectives of physical education courses is for students to better understand humankind through experiencing and comprehending various phenomena of the body and by scrutinizing their own existence within society. In particular, we aim to nurture human beings enriched by their discernment and mastery of the “somatic” or “embodied knowing” that is expressed by the body beyond verbalizations of knowledge. All courses adopt various approaches in line with this objective in addition to the subdivided goals specific to each course.

2 Structure of Physical Education Courses

The physical education courses include the four courses of “Lecture on Physical Education 1/2,” “Seminar on Physical Education,” “Physical Activity A,” and “Physical Activity B.” The handling of courses and the maximum number of credits that can be recognized differs between faculties and departments. Carefully read the course registration guide for your affiliated faculty before registering for courses. An outline of each course is given below. For details of the class content, please refer to the online syllabus and timetable (p. 10).

Lecture on Physical Education 1/2, Seminar on Physical Education, and Physical Activity A are evaluated by the five grade levels of S, A, B, C, and D. Physical Activity B is evaluated by the two grade levels of Pass or Fail.

- (1) Lecture on Physical Education 1/2 (2 credits) …Lectures related to sports science, body, health, exercise, etc.
- (2) Seminar on Physical Education (1 credit) …Seminar-style classes with lectures and practice
- (3) Physical Activity A (1 credit) …Physical activity: Sports
- (4) Physical Activity B (1 credit) …Physical activity: Sports

Note that most Physical Activity Courses will be conducted on campus (face-to-face), with only one course offered in an on-demand format. Students who wish to register for Physical Activity Courses but are unable to participate in face-to-face classes for unavoidable reasons related to COVID-19 (coronavirus disease), must ensure that they choose the course that is offered in an on-demand format. It will not be possible to accommodate students who cannot participate in face-to-face classes for Physical Activity Courses which are held on campus. Although students without circumstances requiring special considerations can register for courses holding classes in an on-demand format, a lottery will take place with priority given to students with such circumstances. Details will be announced on the Institute of Physical Education homepage by the time of course registration.

Physical education courses include Physical Activity A and Physical Activity B, and students should be particularly aware that the evaluation methods are different for each course. Physical Activity A offers Weekly Sports and Physical Activity B offers Seasonal Sports. An outline of these courses is as follows:

Weekly Sports……Classes offered once a week

*Days for sessions other than the weekly classes have been set for quarter system courses.

Seasonal Sports ……Classes lasting 7 days during the summer break (July~September) or during the spring break (February). However, training camps are in principle four-day three-night events.

3 Procedures up to Course Registration for Physical Education Courses

Late March	Guidance on physical education courses Guidance will be conducted online. Detailed information will be announced on Institute of Physical Education website (https://ipe.hc.keio.ac.jp/)
-------------------	---

April 6 (Thu)– April 11 (Tue) 	<p>[Important] Completing the Annual Health Check In order to register for “Physical Activity” or “Seminar on Physical Education,” you must undergo an annual health check conducted by the Keio University Health Center. If you are considering taking “Physical Activity” or “Seminar on Physical Education” offered in the fall semester, please be sure to complete your health check during this period. Even if you register for the class using the online system, should you fail to undergo your health check, you will be denied entry to the relevant course and given a grade of “D” or “F” grade. Health check at outside medical institutions are not acceptable for “Physical Activity” and “Seminar on Physical Education.”</p>
---	---

For more details, please refer to Institute of Physical Education Website (<https://ipe.hc.keio.ac.jp/>).

[Spring Semester] Course Registration

April 3 (Mon) 12:30– April 5 (Wed) 16:45	Course Registration Period via the Web System (first registration)

4 Payment of Activity Fees for Seasonal Sports

It is necessary to pay the activity fees within the specified period for the courses given below.

Courses requiring payment of activity fees

Weekly Sports: Backcountry Skill

Seasonal Sports: Marine Sports Activities, Beach Volleyball, Sailing, Mountaineering, Outdoor Recreation, Snow Skiing, Skating

Course Name	Payment Period	Office Hours	Venue
Backcountry Skill (Kayak) Marine Sports Activities, Beach Volleyball, Sailing, Mountaineering, Outdoor Recreation	June 1(Thu)–June 7(Wed)	Weekdays 8:45–16:45	Hiyoshi Office of Student Services The General Affairs and Inquiries Section (Payment slip is issued.)
Backcountry Skill (Backpacking) Snow Skiing, Skating	November 1(Wed)– November 7(Tue)		

Even if course registration is carried out for the courses written above, participation is not possible if the fees are not paid. If you cannot pay during the specified period, speak with the Research Centers and Institutes Counter in the Hiyoshi Office of Student Services. If you do not pay the fees without consulting the relevant office during the specified period, you will receive a “D” or “F” grade.

5. Course Cancellations

Students can cancel the courses they have registered (confirmed course registrations) by carrying out the required procedures during the designated period. For details, please refer to Chapter 3 “Procedures Up to Course Registration”. However, the cancellation procedures and periods differ for courses requiring payment of practical skills class fees as stated below. Furthermore, the total amount paid may not be fully refunded when the course registration is cancelled after the payment has already been made.
